Choosing a major can be a difficult decision.

At the University of Evansville there are over 60 majors or degree programs and over 20 departments from four major schools.

The Majors Fair may be just what you need!

The Fair will be held in the School of Business 2nd Floor with faculty from nearly all academic departments on campus.

Visit 3 academic departments and enter a door prize drawing!  
Majors Fair is supported by SGA and Freshmen Council

## Field-Specific Career Forums This Might Be Just What You Need!

Now that Career Day is over how will you connect with employers? The answer may be in the form of a **Career Forum**.

Career Forums are different in that they are set up in a way for students to ask ques-

tions and listen to employers speak about academic and career-related topics such as internships, full-time jobs, and graduate school options.

These forums take place in a much more

relaxed atmosphere and typically guarantee that you will meet several professionals in your field.

Contact Career Services in UN 130 at 488-2663 or [Career@evansville.edu](mailto:Career@evansville.edu) to begin planning one for your major.

## Dear Career Doctor ...

Dear Career Doctor,

I have been interviewing a lot and now I have 3 job offers. I like them all, but for different reasons. One job's pay is great. Another job's description sounds cool.

And the other job is in a good location. What should I do?

-Too Many Choices

Dear Choices,

In the Career Services Office we use what's called the Values Inventory to help students figure out what it is they truly need from a career to be happy. Factors like Money and Location should definitely be considered, but what about Family Life, Travel, Work Environment, and others. We can help you sort through the many factors to consider when making a career-related decision. Don't feel like you have to take this on all by yourself. We can help guide you through all of it. I hope this helps. - Career Doctor

(Dear Career Doctor is a daily Career Advice service. For answers to your Career questions please submit them electronically to [Career@evansville.edu](mailto:Career@evansville.edu) or stop by UN 130 to meet with the Doctor directly)

### March Career Tip #1 - Job Hunting Can Be As Fun As Easter Egg Hunting

Remember back when you used to run around the yard looking for Easter Eggs. You probably turned over every stone and looked around every corner. Well, Job Hunting is not too different. You just need to approach it the same way you did as a kid looking for Easter Eggs. Here are some ways to get started:

Step 1 - Develop a strategy

Step 2 - Create a cover letter and resume

Step 3 - Uncover every available resource

Step 4 - Be persistent, but not pushy

### March Career Tip #2 - Do Not Depend On the Luck of the Irish to Find a Job

Common Job-Hunting **Myths**:

1. Following a rainbow will lead you to a job - False (But Networking Might)
2. Leprechauns provide Resume Assistance - False (Career Services can do that)
3. Green Interview attire will get you the job - False (Interview attire is usually Navy, Black, or Charcoal)
4. A pot of gold will always make you happy - False (There are many considerations other than salary)
